

Special Note on *Contemporary Pediatrics* Articles:

Information in the 2010-2011 Pediatric Nursing Reference Manual on accessing *Contemporary Pediatrics* articles has changed since the printing.

Visit <http://contemporarypediatrics.modernmedicine.com>, click on **Issue Archive**, and now search by **Month and Year** of the article, which is referenced as the Issue in the SAE bibliography, e.g. Issue number = month (6=June).

Direct links are included in this PDF for your convenience. Free registration to the Modern Medicine website will be required to view certain articles. Registration is simple, and you will be prompted to do so when you try to open an article which requires logging in.

2010-2011 PEDIATRIC NURSING (PN) SAE: CONTEMPORARY PEDIATRICS ARTICLES

QUESTIONS 2-3 | June 2007

Just another bellyache? Finding the cause of stomachache, malaise, and weight loss in the 3-year-old

<http://www.modernmedicine.com/modernmedicine/Puzzler/Just-another-bellyache/ArticleStandard/Article/detail/436755>

QUESTION 42 | March 2008

Puzzler: An infant with vomiting and failure to thrive. One rocky road to a diagnosis.

<http://www.modernmedicine.com/modernmedicine/Pediatrics/Puzzler-An-infant-with-vomiting-and-failure-to-thr/ArticleStandard/Article/detail/501513>

QUESTION 59 | June 2008

Lyme Disease: prevention, diagnosis, and management (CME). Although much has been learned about Lyme disease, misinformation still abounds. It's time to sift the wheat from the chaff.

<http://www.modernmedicine.com/modernmedicine/Pediatrics/Lyme-Disease-prevention-diagnosis-and-management-C/ArticleStandard/Article/detail/522760>

QUESTION 64 | April 2008

Sexually transmitted infections in adolescents (CME). Scenarios from primary care

<http://www.modernmedicine.com/modernmedicine/Pediatrics/Sexually-transmitted-infections-in-adolescents-CME/ArticleStandard/Article/detail/508337>

QUESTION 65 | October 2008

Strategies for asymptomatic proteinuria (CME). A clinical approach to asymptomatic proteinuria can be one of the biggest factors in returning a successful outcome.
