Microcredential & Certificate

bulk discounts

Want to save money on our already affordable ACTivate microcredential and certificate programs to better support adolescent well-being?

Our bulk discounts help you offer ACTivate's benefits to entire teams or student cohorts.

ACTivate isn't just for nursing professionals. Anyone who helps adolescents thrive now, or will work with this age group in their future career, can increase their competence and confidence to make a difference.

Organizations, employers, or academic institutions with 25 or more certificate holders receive our "We are an Adolescent Advocate Organization" seal to promote on their website.
