

You would be an amazing pediatric nurse.

I could tell as soon as you
looked at me.

You will make my future
brighter. The work will be
tough but rewarding.
Families will thank you.

Want to be inspired and
challenged every day?

Be my hero.

Be a pediatric nurse.

You would be an amazing pediatric nurse.

I could tell as soon as you said you liked my singing.

You'll take the time to get to know me as an individual. You'll help coordinate my care and support me whether I'm sick or healthy.

You will see me for the amazing person I am... and will become.

Be my expert.

Be a pediatric nurse.
